

## MGI Worldwide CPAAI Member Success Story

# MGI Delta successfully helps to recruit new member for sister law network Mackrell in Bulgaria

In a simple story of collaboration, based on the ever-strengthening ties between MGI Worldwide CPAAI and sister law network Mackrell International, Vladimir Kolmakov, Managing Partner at MGI Delta, Bulgaria, tells how he was able to help out Mackrell International in their search for a new member Law firm in Bulgaria.

### Partnership as a business philosophy

Vladimir explains: “At MGI Delta, we understand business as a mutual process. We work closely with our clients and partners and always maintain a good and highly ethical tone of work and communication. The same philosophy is shared by the lawyers from Stankov, Todorov, Hinkov and Spasov Law Firm. Our common work values allow us to work well together.

“When Mackrell International, one of the world’s leading legal networks, and MGI Worldwide's sister network, shared during a virtual meeting that they had no member firm in Bulgaria, we already knew that we would recommend our guys.

“With years of experience, STHS Law Firm prides itself in its excellent results which include: being named law firm of the year in 2018; being one of the very few corporate law firms in Bulgaria with an extensive criminal law practice; winning dozens of awards and more. With our assistance, STHS Law Firm is now a happy member of Mackrell International. We wish them good luck and to look forward to greater success!”

### Strengthening ties

Whilst the last year has brought serious challenges, one of the positives to come out of the pandemic is that, with a huge increase in online events, MGI Worldwide CPAAI has been able to increase its reach and connect with people as never before - the solidifying of our relationship with Mackrell International is a prime example of this. It is especially encouraging to see that this increase in collaboration is not just being seen at an organizational level but also among our firms around the world.
